PROFESSIONAL SUMMARY

Senior Product leader with 10+ years of experience building and scaling user facing products at Amazon and consumer technology companies. Proven track record in product strategy, 0-1 development, cross-functional leadership and ambiguous problem solving, delivering \$2B+ in revenue impact. Background spans engineering, product marketing, and product management.

WORK EXPERIENCE

Amazon

London, UK

Senior Product Manager, Consumables

Jul 2020 – Sep 2025

Led product strategy and roadmap definition for Amazon's worldwide consumables business (200M+ customers). Operated in ambiguous problem spaces, shaping long-term direction and influencing executive decisions across Engineering, UX, Machine Learning and commercial teams.

- **Generated \$2B in incremental revenue** by launching Add to Cart feature on Search, scaling to 93% worldwide impressions across 1000+ product types and multiple customer segments.
- **Delivered \$250M revenue impact** by addressing a top customer pain point around how quantity information is surfaced, improving customer decision clarity across 5M+ products.
- **Led SVP level initiative** to resolve foundational data-quality constraints, redesigning quantity data systems for 100M+ listings in collaboration with Engineering, Machine Learning, Legal and Sales teams.
- **Drove EU market expansion** by adapting US product suite to address regional customer needs, launching five localised features that generated **\$140M** in revenue.

Product Manager, Amazon Pantry Europe

Jun 2019 – Jun 2020

Led product strategy for Amazon Pantry, a curated online supermarket offering low-priced everyday consumables across dedicated European storefronts.

- **Executed a high stakes level business sunset** initiative, balancing customer trust, operational risk, and commercial outcomes, transitioning 50K best-selling products to core Amazon websites with zero customer escalations.
- **Built an automated range-review tool** that optimized category curation based on customer expectations, driving **\$25M** in revenue.

Product Marketing Manager, BISS Europe

Sep 2015 – May 2019

Founding team member launching and scaling Business, Industrial, Scientific Supplies (BISS) store across Europe as a one-stop destination for professional customers.

- **Identified unmet professional customer needs and guided launch of two new-to-Amazon categories** (Renewable Energy Supplies and Agricultural Equipment), generating **\$55M** revenue.
- **Built catalogue data enrichment engine** to list new products, **reducing overhead cost by 90% and increasing efficiency by 95%**
- **Improved browse experience** by partnering with Engineering and UX, **boosting conversion by 5% and traffic by 13%**

Meru Cabs Company Pvt Ltd

Mumbai, India

Product Manager

May 2013 – Sep 2015

India's first ride hailing service.

- **Led 0-to-1 development** of a new product vertical from concept to **\$5M** annual revenue, making early-stage product and market trade-offs that enabled expansion across 13 Indian cities.

EDUCATION

Goa Institute of Management

Goa, India

Post Graduate Diploma, Management

Jun 2011 – Mar 2013

Gujarat University

Ahmedabad, India

Bachelor of Engineering in Instrumentation & Control
